

## Major Modification Granted for Jefferson County Landfill

The Tennessee Department of Environment and Conservation (TDEC), Division of Solid Waste Management (DSWM), has issued a solid waste disposal facility permit for a major modification to the Jefferson County Demolition Landfill. The facility, identified as DML450000046, is located in Jefferson County at 650 Grove Road, Dandridge, Tennessee.

This permit authorizes construction, operation, and closure of a fully-permitted vertical expansion to the existing disposal facility resulting in 6 total acres to be used for the disposal of farming wastes, landscaping and land clearing wastes, construction/demolition waste, shredded automotive tires, and/or certain wastes having similar characteristics and approved in writing by TDEC.

DSWM made the draft of this permit available for review during a 45-day public comment period which ended July 30, 2018. A public hearing was also held on July 12, 2018 to receive comments concerning the modifications proposed. No members of the general public were in attendance at the time specified for the hearing to begin nor did any arrive after a reasonable wait. DSWM received no oral or written comments during the above mentioned public comment period.

The final permit is posted online. Visit [tn.gov/environment/notices/Jefferson](http://tn.gov/environment/notices/Jefferson) to access the facility information in the Dataviewer. Two locations also have paper copies available for review:
